

# I'VE GOT THE POWER

Your Mobile Power Station

# NO SOCKET? NO PROBLEM!

For our smartphones, we often reach for the power bank in our private lives. But what if more power is needed? Let's think bigger! **POWER2GO** is designed for demanding users. The dustproof and waterproof **POWER2GO** energy storage system is also a robust companion for all occasions.

**Is it heavy to carry? Not at all!**

**Can you carry it single-handedly? Absolutely!**

**POWER2GO** impresses with its extremely high power density and weighs only 25 kg! It replaces your stationary power connection. Devices with up to 3,600 W peak power can be easily operated with **POWER2GO**.

Consistent, long-term power output of 2,500 W.

All of this is offered by **POWER2GO**, your reliable power network on the go.

## Your advantages:

- IP 65\*
- Increase capacity via series connection.  
More details: [POWER2GO series connection](#)
- Rechargeable with solar cells
- High available energy capacity – 2.5 kWh
- Long operating time between charging cycle
- Fully charged in 2.5 hours
- Low noise
